AUSCYCLING

HELMET AND EYE PROTECTION

New helmet and visor rules

From 1 January 2027

Wear it right

ROAD AND TRACK

Wear your helmet at all times, in line with safety regulations and the manufacturer's specifications, including:

- Correct fit on the head
- Chin strap correctly adjusted
- Full forehead protection

Visors must cover your eyes

ROAD AND TRACK

Visors and sunglasses must give adequate eye protection. With your head neutral and in typical riding positions, the visor must fully cover your eyes.

A visor that exposes the eyes in either position is prohibited (UCI Article 1.3.032).

APPLIES TO

Road and Track events

In line with the UCI Regulations. Check your helmet and visor before your next event.
